Youth Skills Development

12 Month Programme
Interactive Activities
Leadership Skills
Community Engagements

This programme focusses on creating employment and entrepreneurship opportunities for youth through sport. Groups of 15-20 youth participate in an accredited sports qualification (theory) and interactive community-based (practical) activities.

OUTCOMES & OBJECTIVES:

During this programme, there will be engagements that address the many social challenges faced by today's youth, imparting important life skills, while enjoying physical training and fun activities:

- To increase the number of people participating regularly in organised sports, recreation, and physical activity programmes.
- To increase the quantity and quality of Sport and Recreation Leaders in the targeted communities.
- To increase the number of sustainable clubs in the communities.
- To establish community-based sport "Social Enterprises"
- To develop employable youth with sports-centered skills.

Interactive Community Based Activities To Prepare Youth For Life
