Business Hero

Featuring SMME Entrepreneurs Enrolled in Angels Programmes

Enterprise4Change Success Story

Keoweditse Moremedi
Matla A Bokone

BUSINESS: Tsosoletso Healthcare Clinic
ADDRESS: Kimberley, Northern Cape
PROGRAMME: Enterprise4Change

Keoweditse, a dedicated healthcare professional, is set to embark on a primary healthcare roadshow throughout the whole of the Northern Cape. She is spearheading the initiative, which promises to be a significant step towards improving healthcare access and awareness in the region.

The roadshow aims to provide medical advice, wellness tips and basic healthcare services to the people of the Northern Cape. It will serve as an educational platform to empower residents with essential knowledge about their health, encouraging them to take a proactive role in their well-being.

One of the standout features of Keoweditse's approach to healthcare is her utilization of three leading medical insurance companies. This strategic partnership serves as a significant business asset, offering her clients a wide range of healthcare options and enhancing the quality of care they receive. The date for this roadshow is eagerly anticipated, promising to be a beacon of hope for the Northern Cape.

Agri4Change Success Story

Emily Mmesi
Zeerust Solar

BUSINESS: Living Green Harvests
ADDRESS: Zeerust, North West Province
PROGRAMME: Agri4Change

Emily Mmesi is currently in the development phase of her agri-business. Her long term dream is to become a crop farmer and eventually open a veterinary pharmaceutical shop specialising in animal and crop health.

Her journey with Living Green Harvests has not been an easy road and she initially focussed on selling fruit and vegetables grown by local farmers at markets in and around Kruisrivier, until her business was registered.

The highlight of this spring season was the acquisition of two 6mx3m greenhouses that Emily plans to use to grow her own crops. The set up and construction of the polytunnels, as well as preparations of the ground for planting and the planting of her first seedlings took much hard work and dedication.

Emily has been committed to implementing her agri-training and we trust she will be well rewarded when she harvest the first crops grown in the new polytunnels. We look forward to seeing Living Green Harvest flourish.

Mentoring Success Story

Sumaya Eva Motshebe
Noblesfontein Wind Farm

BUSINESS: Sumya's Laundry & Cleaning Service
ADDRESS: Victoria West, Northern Cape
PROGRAMME: Enterprise4Change

Eva's business has grown rapidly over the past two quarters, despite the many challenges she faces, especially due to loadshedding, her business continues to flourish under the mentoring and support provided by our programme facilitator, Apiwe Veli.

After doing an analysis of her competitors, Eva could clearly identify ways to make her business more profitable. She has actioned the idea to sell branded cleaning materials in bulk and per item to the guest houses as well the community at large. Eva does struggle with record keeping of her business income and expenses, but she now realises this is an important aspect of her businesses growth.

Sumaya's Laundry is now successfully registered with CIPC. Overall, it's clear that Eva has great potential. By working with her to develop a plan for financial management and providing ongoing support and encouragement, she will be well equipped for future planning and decision making to develop a sustainable and successful local business.

Social Impact

Economic Development Four Pillars of Impact FPI Model

Eat | Earn | Love | Learn - NDP2030 Goals

**The Four Pillars of Impact:
EAT | EARN | LOVE | LEARN
NDP2030 Goals**

Aligning ED programmes with the South African National Development Plan (NDP) 2030, creates the forward thinking that our rural communities deserve.

Many rural community members depend on us, as Development Practitioners, to guide them towards a brighter future. One where they are suitably equipped with the skills needed to be in control of their own destiny.

Each of the four pillars can easily support both measurable and impactful Economic Development (ED) and Socio-economic Development (SeD) initiatives.

Align your ED Plan to the national four pillars of impact with Angels.

Angels Resource Centres NPO is a leading Rural Development implementation partner.

ECONOMIC DEVELOPMENT (ED) PROGRAMMES THE FOUR PILLARS OF IMPACT (FPI) MODEL

Each of the FOUR pillars below is a NDP2030 Goal
Supporting measurable and impactful Economic Development (ED) and Socio-economic Development (SeD) initiatives.

<div style="text-align: center;">EAT</div> <div style="text-align: center;"></div> <p>Food Security! (Agriculture)</p> <p>Community Gardens & Soup Kitchens, Cash Crops & Market Farms, Livestock, Agri-processing.</p> <div style="text-align: right; font-size: 2em; font-weight: bold;">01</div>	<div style="text-align: center;">EARN</div> <div style="text-align: center;"></div> <p>Preparing for the future job market!</p> <p>It starts with a foundation in Science, Technology, Engineering & Math</p> <div style="text-align: right; font-size: 2em; font-weight: bold;">02</div>	<div style="text-align: center;">LOVE</div> <div style="text-align: center;"></div> <p>Caring cannot be automated!</p> <p>Medical doctors, nurses, caregivers, community workers, social workers, trauma counsellors.</p> <div style="text-align: right; font-size: 2em; font-weight: bold;">03</div>	<div style="text-align: center;">LEARN</div> <div style="text-align: center;"></div> <p>Ignorance is not bliss. Education is!</p> <p>Focus on exceptional and relevant learning institutions and skills transfer.</p> <div style="text-align: right; font-size: 2em; font-weight: bold;">04</div>
---	---	---	---

Align your ED Plan to the Four Pillars of impact!
Be part of the change you want to see in South Africa.
