# Agri4Change

**PROGRAMME** | Cultivating Futures

*Agri4Change offers a comprehensive curriculum covering essential skills development for micro and subsistence farmers, designed to ignite the flames of entrepreneurship within communities longing for sustainable growth. Our mission is simple yet profound: to empower entrepreneurs by equipping them with the tools and knowledge necessary to thrive.*

## DESCRIPTION AND OUTCOMES:

This 24-month Training & Mentorship Programme will impact beneficiaries and support them towards embarking on an agriculture-focused journey. They will be empowered (facilitate and mentor) equipped (skills training) and enabled (stipend) to start or grow a successful and sustainable agri-business through:

- An accredited certificate (QCTO) for completing the training programme
- Mentoring certificate reflecting their successful participation of the programme.
- Various soft skills certificates from MindTools on completion of relevant courseware.
- Enhance business sustainability of their agricultural enterprise through Income Generating Assets purchased with grant funding & Business Development Support.

## PROGRAMME ACTIVITIES:

- **Agri-Bootcamp:** a 5-day entrepreneurial Bootcamp that utilizes the Launch League rural incubator methodologies and resources and integrates the Lean Canvas methodology and business fundamentals in interactive sessions.
- **Beneficiary Selections:** The Bootcamp starts the selection process and ends in a Pitch Deck event, where the entrepreneurs will present their business plans for the opportunity to be selected to enter the Grant Funding, Training and Mentorship Programme.
- **Grant Fund, Training & Mentorship Programme:** Selected Beneficiaries will participate in Accredited Training, Professional Mentoring & Coaching which includes guided spending of the grant fund towards income generating assets.

*This Enterprise development programme, with its focus on food security and economic prosperity, is vital for nurturing the spirit of entrepreneurship in rural communities. By equipping aspiring or developing agri-entrepreneurs with the skills, knowledge, and values needed to manage a thriving small agricultural venture and impact their community.*

*We're not just planting seeds, we're cultivating futures.*

**Practical Workshops | Business Skills Training | Mentoring & Coaching**
