Women4Change

PROGRAMME | Empowering Futures

Women4Change is a skills and personal development programme for rural women in business. A programme that will give them confidence to step into the professional world with all the tools needed to shape promising futures.

Description & Outcomes: During this comprehensive programme we will impact and inspire beneficiaries towards embarking on a positive and potentially life-changing journey. The beneficiaries will enter the 5-day Programme where they will be empowered (facilitate and mentor) equipped (skills training) and enabled (stipend) to make the best possible choices towards a successful and prosperous life, through the following outcomes:

- Foster innovative thinking & initiative, encouraging exploration of scalability & sustainability.
- Discover and explore diverse interests, strengths, and previously unconsidered markets.
- Develop critical thinking, research, and analysis skills for informed decision-making.
- Cultivate purposeful lives aligned with values and passions.
- Build confidence and overall self-esteem, fostering resilience.
- Forge valuable connections for opportunities and broader support networks.
- Contribute to societal well-being through empathy and good service delivery.
- Enhance cultural awareness, inclusivity, and effective collaboration in diverse settings.

Programme Activities:

- Launch league Entrepreneurial Modules (theory)
- Worksheet activities ("homework") and meetup sessions (group activities)
- Business Start-up Kit (take-away from session and a resource used during bootcamps)
- Coaching and mentoring break-aways

By the end of the program, beneficiaries should feel empowered, equipped, and inspired to take bold steps towards realizing their entrepreneurial aspirations. We want to create an environment in which women can identify their own solutions and feel equipped to make different and positive life choices.
